EXPERIENCE

Adappt — *Owner, Full Stack Web Developer*

January 2018 - Present

- I work with small business owners to create or re-create their business website or mobile app(s).
- Tech stacks used for web apps: **ME(R/V)N, LAMP** with **Wordpress**
- Deployed web apps to Heroku, collaborate using Git/Github.
- React native for mobile apps.

Navitaire, SLC, UT— *Software Developer*

December 2016 - October 2017

Full stack web developer for airlines. Created beautiful and functional front end UI with **MDL** and **Angular 2** and maintained backend services & API including the use of **Node** and **C# / .NET**.

- **Frontend**: Angular 2, **Backend**: combination of Node and .NET for API and server logic.
- Primarily responsible for bug fixing / code refactoring prior to build/release.
- Occasionally responsible for feature design and development.

Oracle, Lehi, UT— *Technical Analyst, Japanese Speaking*

April 2016 - Nov. 2016

- SYS-admin using Oracle SQL for data centers servicing hotels and restaurants.
- Primarily responsible for crisis handling when backend services go down and customers are unable to process transactions for their clients.
- High stress, fast paced environment to quickly identify and solve backend problems quickly.

LDS Mission, Kobe Japan — *Missionary*

August 2013 - August 2015
